## D-ROC®

**Magid® D-ROC® AeroDex® 13-Gauge Lightweight  
Polyurethane Coated Work Glove – Cut Level A9**

| PRODUCT DESCRIPTION           |                                                                                                                                 |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Classification</b> | Special Purpose Work Glove – Cut Resistant, Coated                                                                              |
| <b>Construction/Design</b>    | 13-gauge, seamless machine knit                                                                                                 |
| <b>Composition</b>            | AeroDex® shell; polyurethane palm coating                                                                                       |
| <b>Color(s)</b>               | Blue shell; grey palm coating                                                                                                   |
| <b>Size(s)</b>                | 5 – 12                                                                                                                          |
| <b>Cuff/Finish</b>            | Color-coded elasticized overcast: purple (5), grey (6), light blue (7), green (8), red (9), black (10), orange (11), white (12) |
| <b>Unit of Measure</b>        | Pair (must be ordered in multiples of 12 pairs)                                                                                 |
| <b>Packaging</b>              | 12 pairs per inner pack, 144 pairs per case                                                                                     |

| FEATURES & BENEFITS                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |
